The Bayshore Regional Sewerage Authority Receives *Peak Performance Award*

The Bayshore Regional Sewerage Authority (BRSA) has been selected to receive a **Gold Peak Performance Award**. The *Peak Performance Awards* program presented by the National Association of Clean Water Agencies (NACWA) recognizes public wastewater treatment facilities for their outstanding compliance records in the 2020 calendar year.

The BRSA received the *Gold Peak Performance Award*, which honor treatment works that have achieved 100 percent compliance with their NJPDES permit for an entire calendar year. Mr. Peter Canal, Executive Director for the BRSA stated “this award could not have been possible without the hard work and dedications from our Plant Superintendent, Michael Broyles and the entire Authority staff. It is always nice to be recognized for your achievements, however, our employees are committed to a clean environment for today, tomorrow and generations to come.”

The Bayshore Regional Sewerage Authority is an outstanding example of environmental efforts. NACWA is honored to showcase the achievements of the BRSA and our nation’s public wastewater utilities through the *Peak Performance Awards Program*.” Adam Krantz, NACWA’s Chief Executive Officer.

For more information on BRSA water quality efforts, contact Michael Broyles, Plant Superintendent, 732-739-1095, or visit us at www.BayshoreRSA.com.
